

INTEGRATED QUALITY, HEALTH AND SAFETY POLICY

We are a Mozambican company that operates in the area of Trade Facilitation and Solutions in Digital Transformation Technologies, with high standards of Quality and Safety, and with qualified professionals. We are focused on meeting the needs of our clients, preserving our infrastructure and equipment, ensuring the health and safety of our employees and partners, maintaining their physical integrity and preventing and combating occupational diseases.

To fulfill our mission and achieve our vision, we are committed to:

- Satisfy our customers' needs by providing services with a high-quality standard and in compliance with established requirements;
- Establish clear objectives and continuously monitor the performance of our business processes covered by the Integrated Management System;
- Adopt appropriate measures to ensure a safe working environment for employees, partners, through zero tolerance to behaviors that puts people's lives at risk, damages the workplace and the environment;
- Ensure that all employees are aware of the risks and hazards associated with their activities and provide resources to ensure their safety;
- Promote employee consultation and involvement in relevant aspects of the integrated management system, through accountability, appreciation and adequate training.
